Attendance Policy

One of the strengths of Phoenix Seminary is the classroom interaction between instructors and students. Attendance and participation are essential components of the training process. **An absence is defined when a student does not attend a class period whether it be for an on campus or an online course. Watching a recorded lecture in lieu of attending class does not constitute attendance.** When a student is going to be absent, it is important that the student consult with the instructor in advance about work to be missed. In the case of extenuating circumstances, students may request an exception to this policy by submitting a petition to the Academic Petition Committee.

Excessive absences may result in grade reduction or course failure as indicated on the following chart:

COURSE FORMAT	REDUCED GRADE	COURSE FAILURE
15-week	2 nd missed class	4 th missed class

Courteous Use of Technology in the Classroom (phone, tablet, laptop)

Phoenix Seminary considers a student's character to be evidenced in part by their respect for their classmates, professors, and their valuable time in class. Please consider *how not to be rude* in the use of your technology by bearing in mind the following:

- Laptops and tablets are welcome in class to take notes and to access readings we're discussing. Using them for anything else (social networking, accessing non-course related websites, checking email) is discourteous and distracting to others.
- Phones must be silenced in class and stowed. That includes turning off the vibrate function. (We can hear it buzzing.) Is texting ok? No. If an emergency situation exists out of which you feel you must use your phone you should quietly step out of class to do so.
